225K-1966	Loop video 2003 (French)	
225K-1965	Loop video 2003 (English)	

Some of the advantages:

- ~The height of the add-a-room from awning rail to ground is adjustable from 93" minimum to 129" maximum thanks to the 5 adjustment pockets.
- ~Bilingual installation video included with the left wall.
- ~Available with an aluminium door as an option (see page 21)
- ~ Assembly kit for front or side aluminium doors are sold separately (see page 23.)
- ~Front walls are completely interchangeable.
- ~Self-adjusting to uneven ground.
- ~No measurements to take before purchasing.
- ~No waiting period, the product is ready for consumption.
- ~All walls are white with tinted vinyl windows.
- ~Pipes supplied: 2 x #1, 2 x #11 and 2 x #15 in order to well fasten the add-a-room to the awning and trailer.
- ~Optional #1 pipes for front of room (See page 23) and curved rafters for roof (See page 24).

*Each component of the Sun Kit add-a-room comes in separate packages with the necessary installation accessories.

DISPLAY

Purchase a Sun Kit display and have our loop video demonstrating the product in your store all day TV with integrated video sold separately (#215K-TV)
